

ALPHA and OMEGA

August 1984

Issue #6

This is the official 'zine of the Miller Number Custodian, who is;
Lee A. Kendter, 4347 Benner St., Phila., PA 19135 215-333-9729

Yes, this issue is a bit late. Although dated August, I'm actually doing this on September 9th. I have my reasons as follow; There was very little to report this issue and I kept hoping that something would arrive to add to this. Also, I was working out of town a lot last month and I had little time to devote to the Diplomacy hobby. In the future I am not going to put out an issue of A&O unless the material warrants it. The only reason I'm putting this one out is to keep up the schedule that I had announced previously. (I don't want anyone thinking that I'm not doing my job !). So remember, future issues will come out as needed, not on a specific schedule.

An interesting fact came to light as I was going through my files. With this issue I have now put out as many MNC 'zines as the past 3 custodians combined. John Leeder only published one issue, Greg Costikyan published four issues, and Mike smolin published one issue. That's a total of 6 for the 3 of them from 1977 to 1982.

This has been the slowest period I've experienced since taking over as MNC. Either variant game activity has slowed down recently or I'm not aware of some gamestarts and ends. If any of you know of any recent variant games that don't have numbers let me know. I know that Mark Coldiron is having a difficult time filling some variants that he's been offering for FREE, so maybe it's just a slow period in this end of the hobby.

Finances are in good shape! I still have plenty of money in the MNC treasury and donations have been decent. Contributions since last issue have been received from;(in no particular order)

John Caruso	\$10.00	From extra dipcon funds
Mark Stegeman	1.00	
Bill Placek	1.00	
Carl Russell	1.00	
Ken Peel	1.00	
Mark Larzelere	3.50	

I think that's everyone, I apologize if I missed anyone

There you have it folks. This may be the least information ever
published in a statistics 'zine. Now you know why I said that I'll
wait untill next issue has enough material before I publish !

I'll see you all again whenever.
